TAFE to University
University pathways and degree programs

Would you like to take your education one step further and gain a university qualification? We make it easy for you to continue your studies at university level.

Through NSI you can:

Get up to two years credit towards a degree
Most of our Diploma and Advanced Diploma courses will give you credit towards a degree at major Australian universities. The amount of credit given varies, depending on the qualification and the university chosen.
Go to www.tafensw.edu.au/tafeunicredit to find out more about TAFE NSW credit transfer and articulation arrangements.

Enrol in TAFE and university at the same time
NSI offers programs where you enrol in both TAFE and university simultaneously and graduate with both an Advanced Diploma and a degree in as little as three years. You complete both qualifications at an NSI college.

Stay at TAFE and study a university degree
For some Diploma and Advanced Diploma courses, graduates can choose to continue their studies at NSI and upgrade their qualification to a degree in just one year. You will be studying accredited university subjects, but at an NSI college.

Get a TAFE NSW Higher Education degree!
TAFE NSW is now an accredited higher education provider and will offer its own higher education programs, including undergraduate degrees such as the one below. Keep an eye on our website for more information and updates.

Bachelor of INFORMATION TECHNOLOGY
[NETWORK SECURITY]

Interested in fighting cyber crime?
Become a network security specialist.

In 2012, TAFE NSW Higher Education, Meadowbank Campus, is offering a new three year degree in network security. The first specialist network security degree offered in NSW, this program will provide you with a comprehensive understanding of critical network security issues and their importance in business, industrial and social environments of intranet, extranet and internet connectivity.

The content of this course provides a solid foundation in network design and administration and prepares you to sit for industry certifications such as the Cisco Certified Network Associate (CCNA) and Cisco Certified Network Professional (CCNP).

If you have already completed a TAFE NSW Diploma in networking or Advanced Diploma in networking security or equivalent you may be eligible for direct credit transfer for up to half the degree.

BUSINESS AND COMMERCE

Bachelor of Applied Finance (Financial Planning)
TAFE NSW Higher Education – Meadowbank Campus
This three-year degree is structured to provide a professional qualification including a professional internship which allows students to put their theory into practice. The course will equip students with the skills and knowledge to confidently, ethically, and effectively deliver financial advice and solutions. As a graduate of this degree you could become a financial planner, para-planner, investment advisor, client relationship manager, business investment analyst, financial analyst or an institutional banking analyst. This degree will be offered at Meadowbank Campus from Semester Two 2012.

Associate Degree in Accounting
TAFE NSW Higher Education – Meadowbank Campus
A new program proposed to start in Semester Two, 2012. Keep an eye on our website for further details.

Bachelor of Business Studies
Charles Sturt University and NSI
NSI students who have completed an Advanced Diploma in selected business, accounting, marketing, hospitality and tourism management areas are eligible to enrol directly into the Charles Sturt University Bachelor of Business Studies and complete their university subjects at Crows Nest College. Students can choose to study one year full-time or two years part-time.

Bachelor of Business Administration
Macquarie University
NSI graduates from an Advanced Diploma of Management, Marketing or Business are eligible to apply to Macquarie University’s Bachelor of Business Administration with direct entry and credit equivalent to up to 1.5 years of their degree.

Australian Graduate Management Consortium
Charles Sturt University and TAFE NSW
The Australian Graduate Management Consortium (AGMC) is a unique joint initiative between Charles Sturt University and TAFE NSW. The AGMC aims to offer a university qualification with a practical approach, designed and developed to meet the needs of busy managers. NSI is an accredited delivery location for the Graduate Certificate and the Graduate Diploma in Management (Professional Practice). www.nsi.tafensw.edu.au/agmc.

COMMUNITY SERVICES AND HEALTH

Bachelor of Exercise Science
Charles Sturt University
NSI Sport and Fitness Certificate IV and Diploma graduates are guaranteed entry to the Bachelor of Exercise Science with various levels of academic credit.

INFORMATION TECHNOLOGY

Bachelor of Information Technology (Network Security)
TAFE NSW Higher Education – Meadowbank Campus
This three year professional degree prepares you for employment as a network security specialist. The course provides strong technical skills-based training with a focus on analytical problem solving and critical thinking. Developed in 2011 in consultation with industry, this program provides you with the knowledge and skills to meet the unique challenges facing the industry today.

Associate Degree in Information Technology
Macquarie University and NSI
A one year, paraprofessional qualification designed specifically as a transition between TAFE NSW and university. Study at both North Sydney College and Macquarie University.

TOURISM AND HOSPITALITY

Bachelor of Business (International Restaurant Management)
Le Cordon Bleu Sydney Culinary Institute
NSI, in partnership with Le Cordon Bleu Australia Pty Ltd, delivers a Bachelor of Business – International Restaurant Management at Ryde College, Le Cordon Bleu Sydney Culinary Institute. The Le Cordon Bleu degree is a three year program. The course is made up of six month stages, two of which are Professional Experience to allow students to develop and apply principles and practice in the workplace. TAFE NSW students can apply to Le Cordon Bleu Australia for recognition of studies that have been previously completed.

Bachelor of Hotel Management
Charles Sturt University and NSI
Students enrol in both the Advanced Diploma of Hospitality and the Bachelor of Hotel Management and study at Ryde College. Students can enter the program directly; they do not need to apply through UAC. The program enables students to gain both qualifications in just three years.

Students who have already completed the Advanced Diploma of Hospitality, Tourism or Events will have the opportunity to complete the degree in 1.5 years full-time (or equivalent part-time) at Ryde College.
Advantages of an NSI to university pathway

- Practical, career-oriented learning to prepare you for professional practice and enhance your employability as a university graduate.
- Choosing to stay at TAFE to study higher education means smaller class sizes than traditional university courses, and more personal attention.
- When you follow an articulation pathway, it’s cost and time effective. You can save up to half the cost of studying a degree alone, and get two qualifications in as little as three years.
- You can use your NSI qualification to gain work while you continue to study at university.
- You will develop independent learning skills – such as effective research, analytical, presentation and teamwork skills – that will prepare you for university-level study and increase your chances of success.
- You can make sure you like the career you have chosen before you commit to further study.

The following NSI courses offer up to two years’ credit towards relevant degrees through arrangements between TAFE NSW and selected universities.
