Connecting to NSI Wireless Network

Please connect to ‘NSI BYOD’ Wireless Network

1. Under the Network screen select Airport. From the Network Name dropdown menu select NSI BYOD, click Apply.

2. Click ‘Advanced’ button. Click ‘Proxies’ tab.

3. Enable Web Proxy (HTTP) and Secure Web Proxy (HTTPS) and enter proxy details for both.

4. In the URL fields type the following for both web proxy and secure web proxy: proxy.det.nsw.edu.au and port: 8080

5. Click OK to apply changes.

6. When you open your browser, you will now be prompted for your DEC username and password.

Unlock your potential. It starts here.
